

Briefing you on everything **BioAlberta**

Welcome to the latest edition of **BioBrief**. In this issue, we're pleased to provide key updates, highlight upcoming events, introduce new members, and feature a BioAlberta member making notable contributions to the life sciences sector.

Stay informed and connected with Alberta's life sciences community.

Estimated Reading Time: 3 minutes

Members Spotlight

by **Dr. Mom**

By Dr. Mom Skincare is a proudly Canadian skincare company founded by a team of female physicians, led by Dr. Stephanie Liu, a family physician and Associate Clinical Professor at the University of Alberta. Our mission is simple yet deeply personal: to bring gentle, clinically-informed, science-backed skincare into the homes of families, especially those struggling with dry, itchy, and irritated skin. What began as a

physician's pursuit to find solutions for her own patient's eczema-prone skin has grown into a biotechnology-powered skincare line using beta-glucan—one of nature's most powerful skin-healing molecules.

Exclusive One-Hour Talent Strategy Consultation

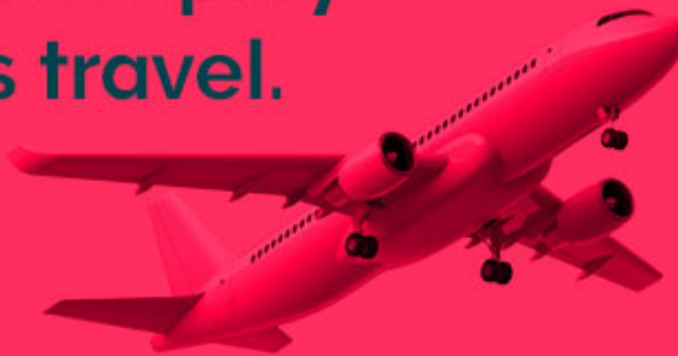

In this 60-minute consultation, we'll dive into current hiring trends, salary benchmarks, and talent availability across biotech, diagnostics, and medical devices. You'll gain actionable insights into the candidate landscape and how to align your hiring strategy for maximum impact. We'll also assess your company's employer brand and unique value proposition to help you stand out in a competitive market—discussing strategies to attract high-caliber professionals.

 PARLEE McLAWS^{LLP}

Free IP Strategy Consultation for BioAlberta Members

Parlee McLaws is offering a free IP Strategy Consultation for BioAlberta members. These IP Strategy Consultations are designed to support business owners, innovators, and entrepreneurs in developing a clear and practical approach to their intellectual property.

Consultations are available for general IP matters, as well as focused sessions on patents, trademarks, or a combined patent and trademark strategy. These sessions provide tailored guidance to help you better understand your IP position, identify opportunities for protection, align your strategy with your business goals. They will provide you with an IP strategy cheat sheet to help you answer questions from investors and funders.
